

My Triand Overview

My Triand is a user friendly way to transfer student transcripts between schools, districts and colleges.

My Triand introduces social networking for public education. Designed with collaboration functionality, teachers can help other teachers, schools can help other schools, and districts can help other districts.

While My Triand works with other web browsers, Firefox is the recommended web browser for My Triand. You may download Firefox for free from:

<http://www.firefox.com>.

Upon logging into My Triand, you will notice that the interface is divided into two sections – (1) the navigation bar and (2) the main working area.

The screenshot displays the My Triand web interface. A red box labeled '1' points to the navigation bar at the top, which includes the 'triand' logo, a user profile 'jane (example) doe', and links for 'log out', 'home', 'tests', 'lessons', 'calendar', 'classes', 'students', 'friends', and 'help'. Below the navigation bar, a red box labeled '2' points to the main working area. This area is divided into three columns. The left column, titled 'People You Might Know', lists three users: Jolene Sanders (Counselor, VILONIA HIGH SCHOOL, VILONIA SCHOOL DISTRICT), Ronnie Simmons (High School Science Teacher, VILONIA HIGH SCHOOL, VILONIA SCHOOL DISTRICT), and Brian Ratliff (Principal, VILONIA PRIMARY, VILONIA SCHOOL DISTRICT). The middle column, titled 'Messages', shows 'No current messages'. The right column, titled 'What's Happening On Triand', lists various user activities, such as 'Sarah Cox' searching for a friend, 'Ginger Ulmer' viewing a student record, and 'Brenda Martin' viewing a question. Each activity entry includes a user profile picture, name, role, and a brief description of the action.
